

Dillon Brothers Harley-Davidson
Rider's Edge® Program
10/25/2011

Dillon Brothers is proud to be the only Harley-Davidson/Buell dealer in Nebraska offering both the Rider's Edge® New Rider Course (NRC) and the Skilled Rider Course (SRC). In addition, both the classroom work and on-bike riding exercises are held right here at our facility. Here is what you can expect from each course:

NRC

The NRC is a class designed for beginning riders who have never ridden before or for those who have not ridden in a long time. We provide everything you will need for the class (including the motorcycle) except for your own personal protective gear. Your class will take place over the course of one week in either a three weekday or two evenings/weekend schedule. Students will initially meet in our classroom on Tuesday and depending upon the schedule chosen, conclude on either Thursday or Sunday afternoon. If you choose the evenings/weekend schedule, the two evening sessions begin at 5:30 PM and conclude at 8:30 PM. The two sessions on Saturday and Sunday both start at 8:00 AM with 4.5 to 5 hours of riding and then wrap up in the classroom after a lunch break by 5:00 PM. If you opt for the three weekday schedule, each session begins at 7:30 AM and concludes by 3:30 PM. With just 10 students maximum per class, facilitated by two specially trained Rider's Edge Instructors, our classes will provide you with more personal attention along with more riding time than other motorcycle safety courses. The tuition for the NRC class is \$295. We'll mail you your materials (and homework assignment!) after you pay for your class. If you are a current H.O.G.® member you are also eligible for another \$50 gift certificate upon successful completion of the course. Successful completion of the NRC will earn you an MSF completion card that the DMV may honor and waive all of their testing.

SRC

The SRC class is designed for more experienced riders and is completed using your own motorcycle rather than one of our training motorcycles. The DMV may also honor the completion card from this course for the purpose of waiving their testing. In addition, many insurance companies will offer reduced premiums if you can provide them with a copy of the card we will issue upon successful completion of the class. The SRC is delivered utilizing either a one weekend, two-session schedule or a one day schedule. If held in two sessions, your class will be on both Saturday and Sunday from 2:00 PM until 6:00 PM. The one day course is typically offered on a Sunday from 8:00 AM until 5:00 PM. There is no formal classroom as the course objectives are accomplished primarily by riding your own bike. However, there will be a few strategically placed discussions during breaks to talk about ride preparation for you and your bike, risk management and strategy, traction management and the effect of impairment on operating a motorcycle. The tuition for the SRC class is \$125. Similar to the NRC above, if you are a current H.O.G.® member you are eligible for a \$50 gift certificate upon successful completion of the course.

To check out our course schedules, sign up for a class or to learn more, please go to www.harley-davidson.com and click on the "Learn to Ride" link on their home page. You can also contact our dealership at (402) 289-5556 and ask to speak to someone in Sales about Rider's Edge®.
